DECLARATION OF BRADLEY LIDDLE

I, Bradley Liddle, declare as follows:

1. I am counsel for Plaintiff Lone Star Technological Innovations, LLC. I submitted Lone Star's Opening Claim Construction Brief and accompanying exhibits. Dkt. No. 84. I make this declaration on personal knowledge, and if called as a witness, I could and would testify competently thereto.

2. Attached to Plaintiff's Opening Claim Construction Brief as Exhibit 5 is a true and correct copy of an Adobe published technical document entitled, "Matching RGB Color from Monitor to Printer." The document is publicly available on Adobe's website at https://www.adobe.com/content/dam/acom/en/devnet/postscript/pdfs/5122.Match RGB.pdf. The document further states that it was copyrighted in 1991-1992 by Adobe Systems Incorporated.

3. This is not the first claim construction proceeding in which Exhibit 5 has been used. Plaintiff also introduced Exhibit 5 during a previous claim construction hearing -- *Lone Star Technological Innovations, LLC v. Acer, et al.*, Case No. 6-15-cv-973-JRG-JDL, Dkt. No. 50 at 22 (used in that case as Exhibit 8). The

document was allowed and considered by the Court during claim construction in that case.

4. Attached to Plaintiff's Opening Claim Construction Brief as Exhibit 2 is a true and correct copy of the Court's Preliminary Claim Construction in -- *Lone Star Technological Innovations, LLC v. Acer, et al.*, Case No. 6-15-cv-973-JRG-JDL. This was a chart that was created by the Court and used during the Markman hearing. I was personally at the Markman in that case and attest that Exhibit 2 is a true and correct copy of the chart the Court handed to the parties in that case. Exhibit 2 was referred to in the transcript of the Markman hearing.

I declare under penalty of perjury that the foregoing declaration is true and correct.

Executed on May 18, 2020.
